PetPlay 102: Professor Prim's Guide to PetPlay Better! (18+)

Time: 7:00 PM - 8:00 PM

Room: Autumn Hall

Host(s): Primrose

Tag(s): Panel, After Dark (18+)

Pet 102 is a Panel designed to not only inform Pets and Handlers (PAH) of the PetPlay Basics, but to expand upon a typical Petplay 101 Panel. In this class, we teach PAH of all experience levels how we can be more inclusive in Pet spaces and implement safety and consent boundaries at an event. Prim will also be sharing advice for pets with disabilities, mental illness, and playtime activities for all pet players (beyond just Puppies!) Pets from all "Walkies of Life" are invited to join us for this Informational Panel, which will be followed by Guided Headspace Warmup to do by yourself or with a handler ("Pet Yoga.") Come on down for an evening of learning with your questions and an open mind! We look forward to Yapping with You!

How-To Headspace in Petplay: A Guided Play Event! (18+)

Time: 8:00 PM - 9:00 PM

Room: Autumn Hall

Host(s): Primrose

Tag(s): Panel, After Dark (18+)

So you've learned all you need to know about PetPlay, but where do you *start,* and *how*?! For pets attending a PetPlay event for the first time, it can be pretty scary (and hard!) getting into Headspace around strangers. What are the rules? What if you're not a Puppy, but a Kitten, or a Bunny? What if you're more of a Couch Potato than a Dog Park Wrestling World Champion? Have no fear, Professor Prim is here! Follow along on all fours while Prim eases you slowly into Pet Headspace by conducting a group guided warm-up. This panel is great for Pets who have never experienced Headspace in public (or private!), Pets who struggle to get into Headspace, or Pets who have no idea what species you are yet! This panel typically devolves into playtime, so protective wrist gear and knee pads are highly recommended!

Art School Crash Course, is Art School Worth it?

Time: 8:00 PM - 9:30 PM

Room: Summer Hall

Host(s): Floofie Drawz (Justyne Gurley)

Tag(s): Panel, Educational, GOH

Join Justyne Gurley, a professional background designer on Spindlehorse Toons Helluva Boss and learn the basics of background design. Stick around for an in depth analysis on art school and the current state of the animation industry. Justyne will go over what needs to be in a portfolio, what you need to know before applying, and what they wish they would have known before going to art school themselves.

Passover Seder Furry Edition

Time: 8:30 PM - 10:30 PM

Room: Spring Hall

Host(s): Klore Stripes

Tag(s): Panel, Meet & Greet

Passover is one of the 3 major Jewish holidays that Jews would migrate to Jerusalem for, and this year, Furlingame overlaps with it, and so I'm excited to be able to share the story of the Exodus while conducting an actual Passover Seder, which includes a dinner that is completely Kosher for Passover and will feature different types of matza from different parts of the world! For those arriving early, we'll host the first seder Wednesday night, and the second one Thursday night as unofficial panels due to the timing of when we get access to convention space from the venue. There will be with a lighter recap, but an official panel on Friday night also featuring kosher for Passover dinner. It's recommended to sign up in advance so that there's enough food for everyone. Please wash hands thoroughly when joining us, and please note that unless it's cleared with me ahead of time, no outside food should be brought in, as utensils and equipment are kosher for Passover, in order to accommodate everyone at their comfort level, Passover laws are strictly adhered to, and leavened bread, as well as anything containing even a derivative of leavened bread in it is not kosher for Passover.

PRKC Hosts: PetPlay Mosh

Time: 9:00 PM - 11:00 PM

Room: Autumn Hall

Host(s): Primrose

Tag(s): Panel, After Dark (18+)

Now's your chance to gear up and paw-ty like a rockstar with other Furlingame PetPlayers! A Mosh is a PetPlay event set up like a classic dog park, with toys to play with and mats to roll around on! The difference in a Primrose Kennel Club (PRKC) hosted Mosh and many regular Moshes, is in the *Foundation of Consideration!* For starters, we "Consider All Types of Pets at PRKC"- including toys for all manner of animals, a divided "soft" and "rough" Play space, and a wristband "play consent" system for Pets to wear during play. PRKC Moshes also provide roll-room, knee-cushions, and easier-to-grab toys for Wheelchair-Bound Pets. Prim instructs hearing-impaired-friendly "Paw Signals" with Pets and Handlers before and during the Mosh to ensure communication happens in and out of Headspace. At a PRKC Mosh, we constantly monitor our players to ensure they are respecting others' consent and boundaries, as well as their health and safety. We're not afraid to put you in the Dog House (and/or report you to Security) for being disrespectful, inappropriate, or making others uncomfortable. Remember: Kink and Fetish Events ≠ Sexual Consent, so please do not attend with the intent of "meeting a hookup." Don't be shy, come out and play! We can't wait to meet you!

Punching Paws: A guide to needle punch

Time: 1:00 PM - 2:30 PM

Room: Summer Hall

Host(s): Hazel

Tag(s): Panel, Arts

punch needling is the process of piercing fabric to create raised, textured loops on the other side. It is a fast decorative method for rugs, upholstery and textured pillows. This panel explains the process by creating a paw shaped rug coaster as well as some tool recommendations if you want to make this project at home.

Click, Lure, Learn! A Hands-On Intro to NICST

Time: 1:00 PM - 2:30 PM

Room: Autumn Hall

Host(s): National Institute of Canine Service and Training, Matsi

Tag(s): Panel, Educational, Meet & Greet

Curious how service dogs learn their amazing skills? Join the National Institute of Canine Service and Training (NICST) for a behind-the-scenes look at who we are, the programs we run, and the communities we serve. We'll break down how dogs learn using techniques like shaping and luring—no prior training experience required! We'll wrap things up with interactive, hands-on exercises where participants can try shaping behaviors themselves (yes, including some very enthusiastic fursuiters). Expect learning, laughter, and a whole lot of positive reinforcement.

Insertables 101: An In-depth Analysis (18+)

Time: 2:30 PM - 3:30 PM

Room: Spring Hall

Host(s): César / Sea

Tag(s): After Dark (18+), Panel

Whether you are curious or an experienced explorer, finding the right toys, exploring your own body and introducing them into partnered play can be daunting and intimidating experiences. In this theater we will cover body safety of sex toy materials and hygiene practices and what to look for when shopping. Insertables also go far beyond solo play. We will also cover creative ways of introducing insertables for partnered play, common misconceptions of their impact in sex, and how they can aid in sex when there are changes in people's health and bodies.

Connecting through pain: An Introduction to Impact Play

Time: 4:00 PM - 5:00 PM

Room: Spring Hall

Host(s): César / Sea

Tag(s): After Dark (18+), Panel

Having a physical connection can be so much more than sex and cuddles! Impact play is the BDSM practice of creating sensations in another's (or ones own) body with strikes. Ranging from heavy pats to harsh whippings, there is no right way to approach this form of play. In this workshop we'll cover the breadth of experiences that can be derived from impact play, safety tools when approaching this kink, negotiation basics, common implements and much more. I will also be joined by Biscuits, pervert, punching bag and puppy extraordinaire. Together we will discuss the bottom perspective of impact and give a demo of basic and intermediate techniques for flogging, caning and hand impact, as well as general scene flow.
